## Student Traffic and Parking Regulations

Student automobiles must be registered at the principal's office. Automobiles must bear a valid license plate and inspection sticker, and insurance on the car and driver must be current.

Student automobiles may be parked only on the asphalt parking lot around the practice basketball court. Seniors may also park behind Novak Hall.

Cars may not be entered, started, or driven during school hours. Exceptions: seniors following special rules for them, with parental permission, and students properly dismissed from school.

The parking lot is not an area for congregating before school, at noon, or at any other time. Upon arrival at school, students should promptly leave their cars and the parking lot area. This rule will be strictly enforced.

Student automobiles while on campus may not contain any material which is prohibited under school regulations or under any applicable civil law. Prohibited items include firearms, knives, explosives, incendiary devices, prescription drugs or illegal drugs, tobacco, and alcoholic beverages. Student operators of vehicles will be held responsible for the presence in the vehicle of any prohibited items, regardless of who owns the vehicle or who placed the prohibited material in the vehicle.

Student cars parked on campus are subject to search and inspection by school authorities at any time.

The speed limit on campus is 15 miles per hour. Students must observe all traffic signs and markers.

Student-driven vehicles may not leave the parking lot until the 3:10 bell rings, unless dismissed earlier by the faculty member on duty. Special departure times apply during periods of semester examinations.

Permission to park on campus may be revoked at any time by the Principal.

***Keep this copy of parking and traffic regulations. You will be responsible for abiding by these regulations.***
