**LASER AND INK JET PRINTER CARTRIDGES
AND OLD CELL PHONES**

Runnels School is participating in a program through The Funding Factory. Through this program our school can redeem collected printer cartridges and cell phones for hardware and software technology products.

All collected phones and printer cartridges are forwarded to The Funding Factory and our point account is credited. We in turn redeem these accumulated points for technology products. Most recently we acquired an InFocus projector for elementary classroom use and a new digital camera.

★ **COLLECTION BOXES ARE LOCATED** ★
